timeware® feature in focus - Mitie-Security...

Mitie-Security, one of our early adopters of timeware® Cloud, has deployed **650+ Suprema BioStation 3 devices** nationwide, forming a comprehensive time and attendance solution for approximately **4,000 staff across the UK**. Connected via BioStar back to timeware® Cloud, this marks our largest installation to date.

The project is coordinated by Mike Coope and Matt Wilkinson, working closely with Jennifer Pawson, Senior Operations Support Manager at Mitie. We extend special thanks to Jamie McMillan, Managing Director of Suprema UK, for his contributions. This installation highlights how timeware® Cloud elevates our technology to a whole new benchmark in scale and capability.

Mike Coope, timeware UK Ltd and Jennifer Pawson, Mitie-Security

timeware® Project Management Framework video...

When you refer a customer to us, they're in experienced hands. We follow a structured project management framework, aligned with ISO 9001 standards, ensuring every step is precise and transparent. From the initial discovery meeting to full implementation, we work side-by-side with your client. Our proven process keeps everything on track, delivering a smooth rollout of their HR and Time and Attendance Software. With meticulous attention to detail and a commitment to quality, your customers will feel fully supported from start to finish.

Mike Coope, Head of Projects

timeware® Case Study...

In our latest case study video, I had the pleasure of talking about how the Baird Group transformed their operations by **integrating timeware® Professional with their Paxton Net2 system**.

With access points now doubling as attendance terminals, they're capturing precise data from their existing setup. This has **cut down admin time** and boosted accuracy across their business. If you've got clients using Paxton Net2 and looking to streamline their time and attendance, I'd love to show you how we can do the same for you.

Scan the QR code for details.

Paxton | Net2

timeware® at The Security Exhibition, NEC...

Join us at The Security Exhibition, at the NEC Birmingham from the 28th to the 30th of April 2026. **You'll find us on the Suprema stand, 5/D70**. We're excited to showcase timeware® HRMS, our cloud-based HR, Time and Attendance Software, alongside the integration with BioStar Air. Whether you're curious about streamlining HR processes or enhancing access control, **come by for a chat**.

Find us on
the Suprema
stand,
5/D70.

timeware® integrations include:

Got a question? Let's chat.

If you're working with a client who needs a better way to manage HR, time, and attendance, I'd be happy to help.
